

MORGANS
FOOD & DRINK

*The Art of
Great Food*

Our Story

Anthony and Karen established Morgans in 2000 and have gone from strength to strength.

Determined to provide exceptional food and service, we have honed our skills working in the kitchens of some of London's finest West End Hotels including the 5* Grosvenor House Hotel in Park Lane, Café Royal, Browns and The Westbury.

From London, Anthony ventured further afield to Lyon in France to work at the world famous 3* Michelin restaurant of Paul Bocuse and later at the Gaston Le Notre School of Excellence.

Having developed long established relationships with private clients, we then had gained a wealth of experience to create something special for your wedding day.

Using only the freshest of ingredients available, our menus are designed using locally sourced produce and suppliers, influenced by the seasons.

Our reputation has been built on exquisite food, creativity and outstanding client service, which has only continued to grow with our partnership with Redhouse Barn since 2009 as sole caterer to this specialist wedding venue.

We dedicate our time and energy in designing your perfect menu's. Whether it's relaxed and casual or more intimate and refined. There are no limits to us creating the mouthwatering dishes that your imagination desires.

Our team will provide you with an impeccable service, from circulating the Canapés as your guests arrive to the last drinks being served at the bar at end of the evening. We are proud to have an enthusiastic team who strive to make your dreams and visions of your special day become a reality.

Anthony & Karen

*Your love turns me inside out and upside down,
and that's perfectly fine*

How it works

From Start to Finish

Your Wedding is your big day and you are in good hands when you choose Morgans for your catering. We put as much focus on the planning experience as we do into the day itself: because each moment prior to your wedding day should be enjoyable, creative and stress-free too.

Browse through Morgans Seasonal Menus

The following pages give you seasonal options to design your own bespoke menu. From a mouthwatering selection of bitesize canapés to enjoy during the photography to a sumptuous two or three course menu for your wedding breakfast – choose up to two options per course to give your guests choice! Perhaps something more sociable and relaxed such as Tapas sharing dishes, a ‘Host a Roast’ or a fabulous Afternoon Tea. Little guests have their own ‘Mini-Me’ menus or can enjoy a half portion of one of your choices, whilst evening guests have an array of options from BBQs to street food.

Discuss your vision with Chef Anthony

Our approach to creating your perfect menu begins with a simple conversation. Once we know a little bit more about you, your tastes and preferences based on what you have chosen from the Seasonal Menus, we start to build a proposal which suggests styling, ensuring the menu

is balanced and any drinks you may desire. If you have special requests outside of the Seasonal Menus, please discuss with Chef and he will be only too happy to advise.

Enjoy your first experience of Morgans with your own ‘food tasting’

Once you’re happy with the proposed menu choices for your wedding breakfast, you have the option of booking your very own ‘food tasting experience’. It’s the ideal chance for us to get to know one another further, for you to see how good your food is going to look and taste, the portion sizes and any finer detail or changes to the menu you wish to make. This is a subsidised experience from 4-10 guests if you want to bring along parents and friends to help you choose.

Choose your Wines & Cheeses for the day and much more

Each year, a Complimentary Wine & Cheese Tasting is held at Redhouse Barn for all couples and their parents to come along and enjoy a few hours to sample a range of cheese, wines and champagnes to complement your menus. Morgans are on hand to help you through the tasting and to help you choose other accessories, such as your linen colours and table accessories that are all included in the catering prices shown.

First Impressions

A good canapé is a fine balance: it has to look stunning and detailed and then, just as you're enticed by its appearance, completely flood your palette with flavour making for a perfect bite. It should always leave you wanting another. Our selection of delicious bitesize treats are full of flavour and finesse. Painstakingly prepared and presented to add an allure of splendour from the start, they are the perfect way to start your guest's food journey, as first impressions count!

You can choose from 2 to 8 canapés per person either as a lite bite or more substantial canapés as an alternative to a starter.

When choosing a three-course wedding breakfast, we recommend 4 canapés per person – a choice of 6 varieties – offering a choice of fish/meat/vegetarian with say half hot and half cold.

Alternatively, you can have Crudité grazing platters of raw vegetable batons, Grissini sticks, vegetable crisps, and Hummus dips served with Olives and set out on slates for guests to help themselves. One slate is sufficient for 10 guests
